Marc LeMay, PhD

MUSIC NOTATION SPECIALIST

Tallahassee, FL · Remote 205-305-3458 marclemaydesign@gmail.com marclemaymusic.com LinkedIn

Composer, engraver and music educator. I have produced publication-quality scores for more than 20 years, from solo and electroacoustic works to chamber and orchestra pieces. As a self-publisher I engraved and proofed every score and part myself. I also taught aural skills for twelve years, including dictation and error detection.

NOTATION AND EVALUATION

Software	**Sibelius, Dorico, MuseScore Studio** (expert in all three) · MusicXML conversion and cleanup · Logic Pro · Pro Tools · Audacity
Score types	Orchestral · chamber and mixed ensemble · solo · choral · opera and art song · electroacoustic · jazz ensemble · guitar tab · lead sheets and chord charts
Notation	Extended techniques · unpitched percussion · proportional and time-boxed notation · mixed meters and nested tuplets · divisi and shared staves · graphic notation
Lyrics	English · reading knowledge of Spanish, Italian, French, German, Dutch and Turkish lyrics · Hangul and kana · IPA phonetic text in vocal scores
Method	Rubric design · error classification by type and severity · grader calibration · structured written findings for engineering teams · evaluating AI output

EXPERIENCE

Marc LeMay Music · Composer, engraver and self-publisher

2002–present

- Engraved, proofed and published full scores and parts for more than 35 concert works, for performers including the PRISM Quartet, Aizuri Quartet, Variant Six, CHAI Collaborative Ensemble and the Curtis Symphony Orchestra (reading).
- Delivered performance-ready materials for fourteen commissions, each to a fixed premiere date.
- Transcribed recordings by ear for arrangements: a suite of Lady Gaga songs for the Michigan Pops Orchestra, and a 50-minute album of songs for chamber orchestra, voices and guitar.
- Migrated my full Sibelius catalog to MusicXML and rebuilt files in MuseScore and Dorico, correcting conversion errors against the original scores.
- Music and sound design for more than 30 theater productions, and scores for two feature films.

University music faculty · Florida State, Georgia State, Rowan, Penn, Michigan, UAB

2007–2026

- Taught melodic and harmonic dictation and error detection for twelve years, marking student transcriptions against scores every day by error type: pitch, rhythm, accidental, meter.
- Compared results across five sections of the same course at Georgia State and saw one section consistently scored lower on the same rubric; recalibrated the grading the following year.
- Taught theory, analysis and composition at every level, from fundamentals to graduate seminars. Director of Undergraduate Studies at Georgia State, for about 350 students.

Conscious Discipline at Home · E-learning module with automated scoring

2026

- Designed rubric criteria and rules-based scoring that reads learners' free-text answers and returns feedback by criterion.
- Evaluated the scorer against a moderated user test: 113 findings, each traced to one of nine root causes and written up for the next build.
- Built it with AI tools and reviewed all generated code and copy against the spec.

EDUCATION

PhD, Music Composition, University of Pennsylvania, 2017 · **MA, Music Composition**, University of Michigan, 2010 · **BA, Music and Music Technology**, University of Alabama at Birmingham, 2007
